THE MINISTER OF STATE OF THE MINISTRY OF TEXTILES (SHRI G. VENKAT SWAMY): (a) to (d) As a result of sudden spurt in the prices of cotton and cotton yarn leading to the stoppage of production of a large number of powerloom/handloom units in various regions of the country, the Government of India, on 18-1-94, stopped the export of the unutilised export quota of cotton. The Government again reviewed the situation in the light of the extreme hardship to handloom and powerloom weavers and on 9th February 1994 temporarily suspended export in respect of the quantity of cotton already contracted for export but not yet shipped. All these measures had a sobering effect, and the rising trend of cotton and cotton yarn prices has been largely arrested.

The Government, has received representations from the World Cotton Exporter's Association and other importers requesting for review of the suspension order. The Government is, however, for the present, keeping a close watch on the cotton situation.
